Powell County Gasoline

Bluegrass gasoline is made at the refinery at Slade in Powell county; at Pryse in Estill county and at Lexington in Fayette county. Franklin Smith, a Clay City young man, is head book-keeper for the refinery at Slade. Randall Stakeley, a former Powell county boy, is general manager at the Company's office at Lexington. That's why the Clay City Motors Company will handle Bluegrass gasoline. It is in keeping with their policy to patronize home business and home people. Buy Powell county made gasoline from Clay City Motors Company. Besides helping home people, you get the best product.

Alf Patton Breaks Leg

Superintendent Alf Patton, of the Tomlinson take down table and hoghead factory, received a broken bone in the right leg Friday morning about 8 o'clock when he fell from the platform at the plant.

Mr. Patton was superintending the construction of the large dry kiln plant when he lost his balance, falling several feet to the ground below. He was taken to his home where medical aid was summoned and he was reported on Friday afternoon to be resting as well as could be expected.—Winchester Sun.

Preaching at Vaughn's Mill

The Rev. Joe Adams will hold preaching services at the Vaughn's Mill Christian church the first Saturday and Sunday in May, 6th and 7th.

The Saturday service will begin at early candle light. Sunday service at 11 a. m. Everybody is most cordially invited to come and hear "Uncle Joe" herald forth the gospel truths.

Gasoline up One Cent

The price of gasoline was Saturday advanced one cent on the gallon by the refineries, and then passed on to the consumer. The consumer cannot see that it is worth any more to him this week than it was last week, but still he must pay the difference.

Injured by Baseball

Malcolm Strange, son of Mr. and Mrs. Marion Strange, was injured Saturday afternoon while playing a game of baseball at Stanton. He was rushed to a hospital at Winchester, where he was operated on, and is improving now very nicely.

Pherigo Not Yet Appointed

The report in last week's Times that H. H. Pherigo had been appointed postmaster at Clay City was an error. He has only been nominated for the place and this nomination is yet lacking of confirmation.

"When I began taking Tanlac I only weighed 98 pounds, now weigh 125 pounds and never felt better in my life," says Mrs. Peden, of Huntsville, Ala. C. Shimmessell.

Local Man in Successful Raids

Jas. G. Engate, a constable of Powell county; C. P. Dennis and L. C. Tolson, deputies under Sheriff Kincaid, of Lee county, brought to Beattyville last Wednesday a copper worm, also one man, Ben Flynn. 500 gallons of beer was poured out. The officers reported the outfit found on Yellow Jacket, a tributary of Miller's Creek in Lee county and on the lands of Thos. Shackelford.

Still No. 2 was found on the property of Miller Prewitt Goff Land Oil & Gas Co. The above named company owns several hundred acres of land and resides at Winchester and has several tenants on their land, and perhaps many people living near it, who in their absence might attempt to operate a distillery on their lands. At any rate this outfit was captured and one Arthur Stamper and his two step sons arrested. These gallant officers are entitled to much credit for good work they have done.

If there were more men farming and fewer working at moonshine stills, the homes of our people would be happier and the children of the country have a better chance to become useful men and women.

Fishermen's Luck

There seems to be better luck this Spring with fishermen than before in many years. Gilmore Slomp caught two large Pike last week, McKinley Eastling also caught one fine Pike, Wm. Lunsford caught a large pike, and Joe Newkirk also caught a Pike. All of them were caught with hook and line.

A Sprinkle of Fruit Left

Notwithstanding the heavy frosts and freezes the past few weeks, there is a sprinkle of fruit of all kinds scattered over the county, of which we should be very thankful for.

Thousands of thin, frail men and women have reported an astonishing and rapid increase in weight as a result of taking Tanlac. C. Shimmessell.

Preaching at the Union Church

The Rev. Charlie Wireman has held several nights services at the Union church. Large crowds have attended.

Dr. Nickell to be Here

Dr. J. T. Nickell, the dentist, will be in Clay City at Central Hotel May 1st, and remain for two or three weeks.

For Men, Women and Children

Young or old, man or woman, all find in Foley's Honey and Tar a pure, pleasant, wholesome, safe and successful remedy for coughs, colds, croup or whooping cough—particularly if taken promptly. Chas. Woods, 2 Gable st., S. S., Pittsburg, Pa., writes: "I will not be without it in my house." Sherman Robbins & Sons, local dealers.

New Battery Station

In addition to doing general repair work at the Clay City Motors Company's garage, Wireman Bros. will open a new battery station here within the next few days. They are prepared to build complete new batteries for every make of car, repair old batteries at a great saving to automobile users and recharge them on short notice.

These boys are Powell county young men and natural born mechanics. They are splendid moral young men, and fully deserving of the confidence of the public.

Chapman Has Page Ad

V. T. Chapman has a page ad in this issue of the Times. He will have a ten days sale that will save our readers money. This sale covers every line of merchandise that our people need, not a few things that the merchant does not need, and wants to get rid of at any price. You make the selection and buy at a fixed low price for your benefit. No guesses whether you need it or not; no competitive bidding. You can't buy wrong at this sale if you know what you need.

Much is being said about Germany paying her indemnity promptly to the Allies, but we hear nothing of the Allies meeting promptly their obligations to the United States. If the Allies cannot meet their obligations when they get indemnity from the enemy, how do they expect Germany to be able to pay them when that country gets no indemnity.

Improvement at Hotel

J. R. and J. F. Stone have contracted for complete job of papering every room in the Red River Hotel. They are artists at the job and it is safe to say the interior will be left in attractive manner when completed.

The rasping note of the whippoorwill mingled with the wailing a tom cat on the backyard fence make up the nightly sonnet from Chop Chestnut to the last peak of Gratters Ridge, while the white crested hoot owl lends a bass note now and then from the vicinity of Bald Rock.

Hello Vaughn's Mill, this is No. Unten Hundred and Steen on the wire. Glad to know you. I am the fellow that writes brave things about people and then has to fight mosquitoes in the deep recesses of the swamp while the faithful editor remains at the desk and takes the knocks for printing it.

Look After the Potato Bugs

Dusting early potatoes with Paris Green as soon as they are about four inches has been found to be an effective means of controlling potato bugs, gardeners at the College of Agriculture say. One part of the Paris Green should be used to ten parts of air slacked lime in making up the dust.

Jesse Townsend served as a Federal grand juror at Richmond last week. There were several jurors from Powell county, and most of the indictments were for violation of the Volstead act.

The K. U. Land Company donated a half acre of land to the community on Moreland Branch or at Nada for a graveyard, and the fence has been extended to include it. This act of kindness by Mr. Fitch will be greatly appreciated by many.

Vaughn's Mill, we failed to give Slade news last week, but trust we will be on time in the future. All correspondents should write each week, and keep The Times up to the standard, as it is read and appreciated by many, especially those out of the county and in other States.

Let Mrs. Graves Tell You Her Poultry Raising Experience.

"Three years ago bought an Incubator, this year I've made money. Rats stole my baby chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in henery. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by J. F. Smith & Co., and C. Shimfessel.

Garner Hill, Gladstone, N. J., Sells Rat-Snap, he Says.

"I sell and use RAT SNAP. Like to look any man in the face and tell it's the best. It's good." People like RAT SNAP because it "does" kill rats. Petrifies carcasses—leaves no smell. Comes in cakes—no mixing to do. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by C. Shimfessel and J. F. Smith and Co.
